

Electrical & Computer Engineering Majors Wanted

The LTU Formula Hybrid team is looking for members

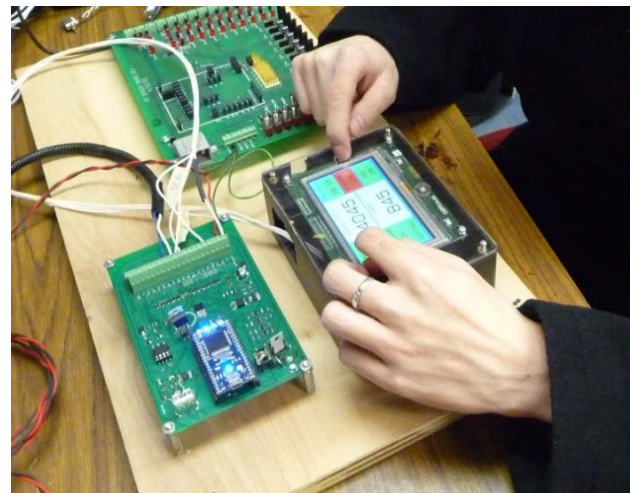

“What is Formula Hybrid?”

- We **DESIGN, BUILD, & RACE** our own hybrid vehicle
- We compete at an international competition sponsored by the Society of Automotive Engineers (SAE) and the Institute of Electrical & Electronics Engineers (IEEE) every year

“Why Should I Join?”

- Gain design experience with high and low voltage systems including lithium-ion battery management, data acquisition, telemetry, control systems, embedded systems, and other **hybrid technology**
- Develop teamwork, time management, and budgeting skills
- Top tier employers from all around the US attend the competition each year
- Be a part of the most challenging, rewarding, senior design project available at LTU
